Re: Public Records Request

Mr. Sinyangwe,

I have reviewed your Public Records request and I am prepared to provide the records. I have attached 2 excel files that contain the information you are requesting. I understand you requested to breakdown the information into various sub-categories, however, the attached file are the only files that are currently maintained. Therefore, I am not obligated to create a document that does not exist. There are no fees attached to this request. In addition to this email I will be mailing this letter to you. There will not be a printed copy of the files with the mailed letter.

Sincerely,

Capt. Daniel Dube
